DAVIN LARKIN

COLLEGE: NCAD, Dublin

COURSE: Industrial Design

DESIGN: The real beauty of this compact light is to be seen when lit, though the piece makes for a pretty, Japanese-style ornament in its own right. Showing off the natural features of the wood, the glow of light from within brings out the grain and the grooves.

GET IN TOUCH: Tel: 087 997 2355.

email: davin.larkin@gmail.com
